

# BAND PROGRAM

## *Home Concert Assessment Form*

Please allow your child to perform a “mini concert” for you and as many family members as possible. You **MUST** have at least one adult. Given the holidays, I have told your child that it would be a nice idea to perform for the whole family. Students are to choose **AT LEAST 2** songs. The song(s) should be performed from a current lesson in the student’s book, a lesson supplement, or music to be performed in band class. Once the student has performed, please fill in this form, sign it, and have the student return it to me at the next band class after Winter Break. Please take a moment to write at least a sentence or two under comments. I find this feedback to be very useful. This assessment is very important for the development of your child’s instrumental music ability. **It is also important that your child be encouraged to practice and be given positive support on a consistent basis.** If you have any questions or concerns, please email me.

Thank you!
